PROFESSIONAL SUMMARY

Software Developer with 4+ years of experience in Java Full Stack Development, specializing in Java, Spring Boot, React.js, Microservices, REST APIs, Kafka, PostgreSQL, and Cloud Platforms (AWS/GCP). Experienced in designing scalable enterprise applications, event-driven architectures, secure API development, CI/CD pipelines, cloud deployments, and Agile software delivery. Proficient in leveraging AI-powered development tools to improve productivity, debugging, code quality, and documentation.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, Golang, SQL

Backend: Spring Boot, Spring MVC, Spring Security, Microservices, REST APIs, OAuth2, JWT, Hibernate, JPA, Maven

Frontend: React.js, Angular, HTML5, CSS3, Bootstrap

Databases: PostgreSQL, MySQL, MongoDB, SQL Server

Messaging & Caching: Kafka, Redis

Cloud & DevOps: GCP, AWS, Docker, Jenkins, GitLab CI/CD, Terraform, Kubernetes, Git

Testing: JUnit, Mockito, Selenium, Unit Testing, Integration Testing

Monitoring & Tools: Grafana, Prometheus, Swagger/OpenAPI, Linux, IntelliJ, Jira

Methodologies: Agile, Scrum, SDLC, CI/CD, Design Patterns

AI & Productivity: Artificial Intelligence (AI), Generative AI, ChatGPT, GitHub Copilot

PROFESSIONAL EXPERIENCE

Lloyds Technology Centre India | Apr 2024 - Present

- Developing Java Spring Boot microservices and React.js applications for enterprise solutions.
- Designing and implementing RESTful APIs with authentication and authorization using OAuth2 and JWT.
- Working on transaction screening, customer data processing, business rule management, and workflow automation.
- Optimizing application performance using Redis caching and database query tuning.
- Implementing event-driven architecture using Kafka.
- Utilized AI-assisted development tools (ChatGPT and GitHub Copilot) to support code development, debugging, documentation, and unit test generation, improving developer productivity.
- Building and maintaining CI/CD pipelines using Jenkins and GitLab CI.
- Deploying applications using Docker and cloud platforms including GCP and AWS.
- Designed and documented REST APIs using Swagger/OpenAPI to improve API usability.

and integration.

- Configured application monitoring and dashboards using Prometheus and Grafana to support production monitoring and issue diagnosis.
- Collaborated with Product Owners, Business Analysts, QA, and DevOps teams using Jira for sprint planning, backlog management, defect tracking, and Agile delivery.

Key Projects

Project: Economic Crime Prevention (ECP)

Tech Stack: Java, Spring Boot, React.js, Kafka, PostgreSQL, Redis, Docker, Jenkins, GCP

- Developed microservices for transaction processing and customer screening.
- Implemented REST APIs and integrated multiple internal services.
- Improved application performance by implementing Redis caching and optimizing PostgreSQL queries to enhance scalability.
- Participated in production support, bug fixing, monitoring, and deployment activities.

Project: PAD Flag Definition

Tech Stack: Java, Spring Boot, PostgreSQL, Swagger, Jenkins

- Developed APIs and business validation logic.
- Implemented configuration-driven rule management.
- Contributed to testing, deployment, and production support activities.

STL (Sterlite Technologies) | May 2022 – Mar 2024

- Developed and maintained Java-based web applications using Spring Boot.
- Built REST APIs, integrated third-party services, and implemented microservices.
- Worked on SDLC activities including design, development, testing, deployment, and support.
- Participated in code reviews, debugging, performance tuning, and defect resolution.
- Worked in Linux environments and cloud platforms including AWS, Azure, and GCP.
- Contributed to CI/CD implementation and Agile development practices.
- Developed secure REST APIs and optimized backend services using Spring Boot, improving application reliability and maintainability.

EDUCATION

Master of Computer Applications (MCA) – University of Hyderabad | CGPA: 8.32/10

Bachelor of Computer Applications (BCA) – Makhan Lal Chaturvedi University | CGPA: 8.0/10

CERTIFICATIONS & ACHIEVEMENTS

- NIMCET AIR 554
- RHCSA Certification
- Data Analytics Certification
